INSTAGRAM LIVE

Live Q&As, hosted by one of our own curious locals on Instagram. These conversations typically last 8-10 minutes and can be a general conversation about the sponsor, or a more specific chat about an event, program, or product. Afterwards, the videos are saved and posted to IG Grid, shared on Facebook, published in the newsletter the following day, and sent to the sponsor for their use.

CONVERSATION STARTER

We pose a question to our audience and share out the best answers we receive in a second post. Questions and answers are published on Facebook and Instagram, creating multiple moments to engage our audience around an idea that matters to you.

CONTESTS & INTERACTIVE QUIZZES

Contests that give our social followers an opportunity to win access to your product (e.g. concert tickets) when they follow your social account and tag their friends in the comments. Contests include social posts to promote the contest and distribution in our daily newsletter, shown above in the image on the right.

Quizzes are an opportunity to interact with our audience by testing their knowledge or habits around your product category. We pose a series of questions and share out the best answers we receive, putting some local spin on each post.

Types of Contests:

- Trivia
- Brackets
- Quizzes
- Giveaways
- more

Other notes:

- Typical contest entry periods are spread over three days to maximize engagement.
- Ideally your brand provides an image that illustrates the prize or the theme of the contest.
- Prizes yield best results when they are tangible items with value of \$100 or more, like concert tickets, as opposed to a discount code.
- We don't ship prizes to contest winners or hold prizes for pick up.
- We reserve the right to archive posts 14 days after a contest ends.
